THE CLINKSCALE HOTEL, BAR + GRILL SETS A NEW STANDARD FOR MODERN DECADENCE IN HISTORIC JEROME, ARIZONA

JEROME, Arizona: The Haunted Group hospitality group, known for putting Cottonwood and Jerome “on the map” as Northern Arizona tourism destinations, breathes new life into Jerome with their latest concept: The Clinkscale Hotel, Bar + Grill.

The versatile establishment spans the historic Clinkscale building, originally built in 1899, with the restaurant and bar on the ground floor, and six exquisite questrooms on the upper floors. Exposed brick, hardwood floors, brown leather and steel accents, create an elegant and modern vibe, rivaling even the most trendy spots in Phoenix -- a quality that has come to be expected of the Haunted Group's properties.

Restored in 2020 and furnished with luxury amenities, the hotel is as chic as it is unique. Each guestroom features modern decor, subway tiled bathrooms with marble floors and walk-in showers, pedestal sinks and high-end fixtures. Flat-screen televisions, plush bedding with fine-cotton linens and bath robes, soft-topped mattresses, and high-end bath and spa products, create the ultimate, tranquil lodging experience.

The Clinkscale restaurant touts an elevated experience, featuring a menu of American fusion cuisine with just a touch of French flare, offering everything from a full brunch (complete with 1¢ mimosas) during the day, to filet mignon, scallops or chicken milanese in the evening.

Shareable starter plates of truffle fries or steak + blue cheese bruschetta, and decadent desserts like warm beignets with vanilla bean custard and chocolate ganache, offer the perfect indulgences for an evening out. Chef-crafted cocktails round out the menu, highlighted by unique ingredients such as elderflower liqueur, smashed bordeaux cherry, and citrus foam.

This boutique hotel and modern American bar and grill is in the heart of Jerome on Main Street, just steps from this historic town's shops, galleries, wineries, bars and restaurants.

"With this concept, we were committed to bringing something completely different to Jerome," says Haunted Group owner, Eric Jurisin. "History is everywhere in this town. We embraced that, while still giving Phoenicians and locals a chance to step into a different world at the Clinkscale. The building is over 120 years old, but the elevated dining and hotel experience is today. High-quality ingredients and unique menu items were our priorities. We wanted to bring something new to Jerome with every bite."

The Clinkscale hotel is now open for reservations, while the Clinkscale restaurant is now open for brunch from 8am-4pm, with dinner coming soon. Visit www.theclinkscale.com for booking.

About the Haunted Group:

[The Haunted Group](#), a hospitality group based in Cottonwood, Arizona, runs eight distinct hotel & restaurant properties across the Verde Valley, including the [Haunted Hamburger](#), the [Tavern Hotel](#), and [Pizzeria Bocce](#). Known for innovative cuisine, impeccable design and theming, and family-oriented leadership, the Haunted Group is credited with bringing fresh concepts into Jerome and Cottonwood, putting these locations "on the map" with trendy destinations loved by Phoenicians, out-of-state travelers, and locals alike.
